**From:** Mallory Newell, De Anza Researcher

**Date:** 6/20/2012

**Subject:** Multiple Cohorts and Attributes – Fall 2011

---

In Banner, students can be flagged as participating in specific cohort groups or as having a certain attribute. The flag is placed on the student record by a faculty member or coordinator for tracking purposes.

In order to determine the number of students flagged as belonging to two or more cohort groups or designated with an attribute, students enrolled at De Anza in fall 2011 were tracked.

The cohorts and attributes tracked were: Chapter 33 Vets, Vets Fee Waiver, Veterans Misc., Department of Rehabilitation, DSPS, EOPS/CARE, EOPS, Educational Diagnostic Center, Puente, Sankofa, and SSRS.

## **Cohorts**

- 10 students in fall 2011 were flagged in two cohort groups. 773 students had a flag for only one cohort for a total of 783 unduplicated students flagged as participating in a cohort.
- The 10 students in 2 cohorts were flagged for various services to veterans.

## **Attributes**

- 475 students had 1 attribute, 415 had 2 attributes, 19 had 3 attributes and 2 students had 4 attributes. The total attributes assigned to unique students was 911.
- The majority of multiple cohorts were for various veterans services.
- The other combinations included:

SSRS + Puente

SSRS + Sankofa

Athletics + Sankofa + SSRS

Sankofa + SSRS + Summer Bridge

DSPS + Department of Rehabilitation
