| Enrolled by census in same course as dropped | 139 | 29% |

Note: The unduplicated headcount of those dropped from low-enrolled sections is 480. The table provides headcount by cancellation date; and therefore, will reflect duplicated students as some students were dropped from more than one cancelled section.

Methodology: This report reflect cancellations from low-enrolled sections. Other sections were cancelled due to reasons such as new time/day or no instructor to teach the section, but are not included in this report. Registration data was retrieved from Student.Course.Reg.Audit. Students who were dropped from the low-enrolled sections were tracked to census enrollment (10.10.22) using frozen data from Registration.Analysis.Freeze. Scheduled instructional load was retrieved from Session.Analysis.
