I wrote a candidate promotion statement that had the same exact facts stated about the 2018 La Voz Survey, "More than 50% of students are food, housing, and transportation insecure" (attached photo). I also pitched my campaign, saying that I was attempting to fight against "Food, housing, and transportation insecurity by expanding the food pantry & resource hub". The day later, I opened one of the Manifestos and saw the same exact statistics that I have used in "FOOD PANTRY EXPANSION--- Over 50% of community college students experience food insecurity."

DASG Student Elections--- Vote James Nguyen (Ballot #12) for Chair of Administration

I want to address the biggest issues facing our student body today. According to a 2018 La Voz survey of 2,000 students, more than 50% of students are **food, housing, and transportation** insecure.

- **STRONGER FOOD PROGRAMMING** 🍲 ---> First, I want to address these issues by creating stronger food programming by reaching out to local nonprofits to establish partnerships and bring more resources to the food resource hub
- **LONGLASTING HOUSING SOLUTIONS** 🏠 ---> Second, I want to follow up with the college administration on housing solutions on campus as well as outside housing resources to address, long-term housing insecurity
- **IMPROVING TRANSPORTATION** 🚗 ---> Third, I want to work with VTA to improve transportation lines to Foothill and improve transportation overall as petitioned by students.

All of these solutions require someone with extensive knowledge and experience in advocacy, and as an employee of the Organizing & Advocacy committee at my non-profit, I believe I have what it takes to leave a lasting legacy for future generations.
