

# Statement of Support to Reopen the Child Development Center

---

The Administrative Services Planning & Budget Team supports the reopening of the Child Development Center as allowed by Santa Clara County and following all the requirements of Covid19 regulations.

The Child Development Center provides child care services for community members and students. 99% of student parents support re-opening the CDC so they can concentrate on pursuing their educational goals.

The Child Development Center Director, Ms. Harada and the staff support the reopening of the center and the return to work with the necessary personal protective equipment in place.
